WHAT IS THE FMP ONLINE PREP COURSE?

Arizona State University is a licensed IFMA education provider and offers the only 100% online Facility Management Professional (FMP) Prep Course, designed to fit in the working professional’s schedule. The course & materials are provided by IFMA FMP Certified Instructors. Straightforward videos are balanced with practical examples that prepare you to take your FMP Final Assessment to earn your FMP Credential at your own pace.

“This course allows you to learn a lot of information at your own pace, with the support of a great staff behind you. The staff at ASU really do care and are ready to help you in any way that they can.” – Chuck Zufelt, Senior Maintenance Manager, Crowley Maritime Corporation

HEAR FROM OTHER PARTICIPANTS:

Q: What has been the most beneficial aspects of the course?
A: “I have learned a lot about topics that I previously had very little knowledge about. Being in the Maintenance field for the better part of twenty plus years, I still learned information that allows me to look at situations differently.”

Q: What advice would you give to someone trying to get their FMP?
A: “Come up with a timeline and completion goal date of when you want to achieve your FMP. Once you get started with the training, don’t stop and don’t wait too long to move on to the subsequent courses. The information flows together and you want to keep the information fresh in your mind.”
